A proposed resolution (presented by Alderman Keane and thirty-five other Aldermen) reading as follows:

> WHEREAS, On November 6, 1970, the City Council passed a ward redistricting ordinance which divided the population of Chicago into fifty wards, in compliance with the mandate of the United States District Court; and
>
> WHEREAS, The said ordinance was prepared under a court imposed deadline from preliminary census data at a time when final 1970 census figures for the City were unavailable; and
>
> WHEREAS, The mathematical equality of the fifty wards created by the November 6, 1970, ordinance, when tested against the preliminary census information, was determined by the U.S. Court of Appeals to be in compliance with the one person—one vote standard required of legislative districts; and

The city-wide total population figure was different and numerous adjustments and shifts in allocating population throughout the City were made in numerous community areas and census tracts; and

It is agreed by the Lessee that said entry of the premises and facilities by the City shall not constitute a trespass or forcible entry or detainer, nor shall it cause forfeiture of charges due by virtue of the provisions of this Agreement, nor a waiver of any covenant, agreement or promise in this Agreement to be performed by the Lessee.

B. The Lessee hereby waives all notice of any election made by the City under this Agreement, demand for revenues or other charges reserved under this Agreement, notice to quit, demand for possession, and any and all notices and demands whatsoever, of every kind and nature, which may or shall be required by any statute of this State relating to forcible entry and detainer, or to landlord and tenant, or any other statute, or under the common law, during the term of this Agreement. The acceptance of any rents or charges reserved by the City under this Agreement, whether in a single instance or repeatedly, after they shall fall due, or after knowledge of any breach hereof by the Lessee, or the giving or making of any notice or demand, whether according to any statutory provisions or not, or any act or series of acts, except an express written waiver, shall not be construed as a waiver of the City's right to act without notice or demand or any other right hereby given the City, or as an election not to proceed under the provisions of this Agreement.

C. It is further agreed by and between the parties that the rights and remedies hereby created are cumulative and the use of one remedy shall not be taken to exclude or waive the right to the use of another.

Failed to Pass—PROPOSED RESOLUTION FOR REPORT CONCERNING POLICE POLICY ON IMPOUNDING OF BITING DOGS, ETC.

On motion of Alderman Holman the City Council took up for consideration the report of the Committee on Health deferred and published in the Journal of the Proceedings of October 16, 1972, page 3875, recommending that the City Council *Do Not Pass* a proposed resolution for report concerning police policy on impounding of biting dogs, etc.

Alderman Holman moved to Concur In the committee's recommendation.

Alderman Despres moved to *Re-refer* said proposed resolution to the Committee on Health.

Alderman Holman moved to *Lay the Motion to Re-refer on the Table.* The motion to Lay on the Table *Prevailed.*

Thereupon on motion of Alderman Holman said proposed resolution *Failed to Pass,* by yeas and nays as follows:

Yeas—None.

Nays—Alderman Roti, Barnett, Kenner, Holman, Despres, Sawyer, Wilinski, Cousins, Adduci, Vrdolyak, Bilandic, Swinarski, Staszcuk, Burke, Lawlor, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Potempa, Rhodes, Marzullo, Zydlo, Ray, Washington, Filippini, Keane, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Simon, Natarus, Singer, Simpson, Fifielski, Hedlund, Wigoda—43.

The following is said resolution which *Failed to Pass:*

Whereas, The effective protection of Chicagoans from rabies requires that when a Chicagoan is bit by a dog, the dog shall be impounded, in either a veterinary hospital or the municipal animal shelter, for a long enough time to determine whether the dog has rabies. Unless this is done, the bitten person must subject himself to extremely painful rabies shots; the animal remains at large; and the animal remains a potential source of rabid infection.

To that end, Municipal Code 98-38 provides that when the owner or keeper of a dog is notified that the dog has bitten anyone so as to cause an abrasion of the skin, the owner or keeper shall immediately place the dog in a duly licensed veterinary hospital for a period of at least ten (10) days or deliver the dog to a policeman for impounding in the municipal animal shelter.

Even though the city appears to have been successful for many years in controlling rabies in dogs, large numbers of bats and cats in Chicago and Cook County are rabid, so that the danger of rabies infection in dogs and people is a continuing and persistent one.

Nevertheless, the practice of the Departments of Police, of Health, and of Law is to take no steps to require the impounding of a biting dog if the owner declines either to place the dog in a veterinary hospital or surrender the dog to the police for impounding in the municipal animal shelter. In such cases, these departments cease taking any action to prevent the spread of rabies or the protection of the bitten person, but allow the bitten person, if he knows how to proceed, to sign a complaint in court, swear out a warrant, and assume the burden of prosecution of the owner or keeper for failure to impound the dog.

Since the prevention of rabies is a public health matter of prime importance, the present passive position of the city departments is anomalous.

Now, Therefore, Be It Resolved by the City Council of the City of Chicago:

1. The Superintendent of Police, the Commissioner of Health, and the Corporation Counsel are requested to report to the City Council promptly (a) their policy and practice in the impounding of biting dogs whose owners refuse to consent to impounding, and (b) their recommendations for any changes in policy.
2. The Corporation Counsel is requested to draft amendments to Chapter 98 of the Municipal Code to improve the procedure for impounding biting dogs and to extend the impounding procedure to biting or scratching cats.
3. The Corporation Counsel is requested to draft an ordinance framing the licensing power as to cats and dogs so as to provide an implied consent to impounding.

(b) Sheet metal parts less than .015 inch thick must have the edges rolled or otherwise protected if the edges are exposed (a) during assembly by the purchaser, (b) in use, or (c) as a result of reasonably foreseeable use or misuse.

(c) The accessible portions of metal toys of heavier gauge shall be deburred or deflashed or the edges suitably protected.

(i) Hinges shall operate without producing an accessible gap of greater than ⅛ inch between the hinged portion and the body of the toy.

(j) Chains shall be designed so that fingers cannot be trapped between adjacent links if the chain is a load-bearing component.

(k) All mechanical mechanisms including, but not limited to electrically driven toys, shall be enclosed to prevent access to moving parts in toys intended for children under the age of six (6) years.

3. (a) No toy may be sold or offered for sale, or given away without compensation that contains any parts, pieces, or components that measure less than 1½″ in any two (2) dimensions and are reasonably likely to be ingested by children or would under normal use be subjected to ingestion by children, or present a potential hazard in ingestion to children.

(b) Any toy intended for the use by children under the age of two (2) years which contains eyes or other components falling within the size specifications for ingestible objects as defined in paragraph 3(a), shall either be attached so that they cannot be gripped by fingers or teeth, or shall withstand removal when subjected to a ten (10) pound pull. If retained by stitching, then the thread shall be wear resistant.

4. (a) No toy may be sold, offered for sale or given away without compensation which does not conform with the relevant provisions of the electrical code sections of the Municipal Code of the City of Chicago.

5. (a) No toy may be sold, offered for sales, or given away without compensation that provides for an angle of rotation of greater than ten (10) degrees from stationary in greater than one plane, if that part of the toy that is designed for the user to sit or stand on or upon is suspended from a perpendicular base or holding.

6. (a) A toy shall not, whether wholly or in part be made of or impregnated with cellulose nitrate. This regulation shall not apply to a ball of the kind used for ping-pong or table tennis.

The expression "soluble" in relation to an element or compound means capable of being dissolved by the method described by the National Bureau of Standards.

(d) For the purposes of this ordinance, "paint" includes lacquer, varnish and other similar substances.

7. (a) No toy may be sold or offered for sale, or given away without compensation, which produces noise on a continuous basis exceeding 85 decibels on the A scale, slow mode of operation, as measured one foot (1′) distance from said toy; no form of toy gun, rifle, or other such device which produces noise on an impulse or explosive basis exceeding 100 decibels as measured on the A scale, fast mode of operation as measured one foot (1′) distance from said toy gun or other explosive device.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed resolutions transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

November 20, 1972.

To the Honorable, The Members of the City Council of the City of Chicago:

LADIES AND GENTLEMEN—I should like to advise you that the Public Building Commission of Chicago has designated as a site for the new Police Academy the block bounded by West Adams Street, South Loomis Street, West Jackson Boulevard and South Throop Street. This project, CP-4, is being undertaken at the request of the City of Chicago.

This site is presently owned by the Public Building Commission, having been originally acquired as part of the site for the Whitney M. Young, Jr. High School. The Chicago Board of Education, subsequent to its original request, reduced the size of its project from a student capacity of 4650 to 2650. Accordingly, the Commission's architects replanned the site utilization in order to allow the easterly block of the original high school site designation to be utilized for alternate purposes such as the new Police Academy.

I am transmitting with this letter proposed Resolutions which would approve the reduction in size of the High School site and would approve the site designation for the new Academy in accordance with the requirements of the Public Building Commission Act.

I should like to request your favorable consideration of this matter.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

OFFICE OF THE MAYOR
CITY OF CHICAGO

To the Honorable, The Members of the City Council of the City of Chicago:

LADIES AND GENTLEMEN—I should like to advise you that the Public Building Commission of Chicago has designated a site at the Northeast corner of South Ashland Avenue and West 60th Street as the site for a multiple-company fire station. This project, CF-1, is being undertaken at the request of the City of Chicago and has been approved by the City Plan Commission.

I am now therefore transmitting proposed Resolutions which would rescind City Council approval of previous site designation and which would approve the current site designation in accordance with the Public Building Commission Act.

I should like to request your favorable consideration of this matter.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED RESOLUTION TO AMEND SITE DESIGNATION FOR NEW ARTHUR J. AUDY HOME AND COURTS FACILITY (PROJECT CC-1).

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed resolution transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

November 20, 1972.

To the Honorable, The Members of the City Council of the City of Chicago:

LADIES AND GENTLEMEN—I should like to advise you that the Public Building Commission of Chicago has amended its site designation for the new Arthur J. Audy Home and Courts Facility, Project CC-1, by adding a tract of land lying easterly of South Hamilton Avenue between West Grenshaw Street and West Roosevelt Road for the purpose of constructing accessory parking of approximately 200 cars.

I am transmitting with this letter a proposed resolution which would approve the amended site designation and the added tract of land lying easterly of South Hamilton Avenue between West Grenshaw Street and West Roosevelt Road for the new Arthur J. Audy Home and Courts Facility. This amended site designation has been approved by the Chicago Plan Commission.

I should like to request your favorable consideration of this matter.

Referred—PROPOSED RESOLUTION TO MEMORIALIZE PRESIDENT AND MEMBERS OF SENATE AND HOUSE TO TAKE APPROPRIATE MEASURES TO REGULATE IMPORTS.

Honorable Richard J. Daley, Mayor, on behalf of himself and other members of the City Council submitted the following proposed resolution:

Whereas, The rapidly-rising flood of imported products on the American market has been accompanied by—and in large measure is the cause of—a sharp rise in the exportation of jobs; and

Whereas, The livelihoods of hundreds of thousands of American workers in a wide variety of industries and in every section of the country have already been washed away; and

Whereas, The jobs of millions of others are in jeopardy as well; and

Whereas, This poses a threat not only to those directly affected but to the economic prosperity of the entire country; and

Whereas, Because the purchasing power of the American consumer cannot be maintained while the jobs of American workers are being eroded away, the living standards and economic well-being of the nation as a whole are imperiled; and

Whereas, In the absence of positive and effective action by the federal government this threat will continue to grow, as it has grown, with ever-accelerating severity until the entire nation—businessmen, farmers, merchants, professionals, service workers and production workers—is faced with an unprecedented economic disaster; now, therefore,

Be It Resolved, That we the members of the City Council assembled this 20th day of November, 1972, do hereby urge the President of the United States and the members of the Senate and House of Representatives of the United States to take immediate administrative and legislative action—including the establishment of quotas wherever necessary, which will effectively regulate the torrent of imports.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion to Suspend the Rules was *Lost,* by yeas and nays as follows:

Nays—Aldermen Despres, Cousins, Staszcuk, Simon, Singer, Simpson—6.

Thereupon, on motion of Alderman Keane said proposed resolution was *Referred to the Committee on Finance.*

LADIES AND GENTLEMEN—I should like to advise you that the Public Building Commission of Chicago has designated the remainder of the site of the former Edgewater Golf Club not acquired by the State of Illinois as a site for the preservation of open space and the development of recreational facilities. This project, CPD-2, is being undertaken at the request of the Chicago Park District, and has received the approval of the Chicago Plan Commission.

I am transmitting with this letter a proposed Resolution which would approve the site designation in accordance with the requirements of the Public Building Commission Act.

I should like to request your favorable consideration of this matter.

Tribute Paid to Late Wendell Smith.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom has called to his eternal reward on November 26, 1972, distinguished sports columnist, sportswriter and sportscaster Wendell Smith; and

WHEREAS, Mr. Smith was born June 27, 1914 in Detroit, Michigan. As an outstanding athlete he pitched his high school baseball team to a state title with a 1-0 extra innings victory. He was captain of the basketball and baseball teams at West Virginia State College where he received his Bachelor's Degree in Education in 1937. He began his career as a reporter on the sports staff of the Pittsburgh Courier and later became sports editor and city editor of that paper before coming to Chicago; and

WHEREAS, In 1947 Mr. Smith joined Chicago's American (now Chicago Today) where he was a leading boxing writer and covered many of the major heavyweight title boxing matches. In 1963, Mr. Smith joined the news staff of WBBM-TV. In 1964 he became principal sports newscaster for WGN-TV and began a sports column for the Chicago Sun Times. He continued in both positions until just recently; and

WHEREAS, Mr. Smith was a lifelong battler for equality for blacks in sports. While he was with the Pittsburgh Courier he succeeded in his longtime campaign of breaking the color barrier in baseball by introducing Jackie Robinson to Branch Rickey, General Manager of the Brooklyn Dodgers. Jackie Robinson became the first black player in the major leagues. In his book, "I Never Had It

Made," Jackie Robinson wrote: "I shall forever be indebted to Wendell Smith for his effort and timeless pursuit for getting me into major league baseball." Mr. Smith went on to introduce other black players to the big leagues, including Roy Campanella, Don Newcombe and Larry Doby; and

WHEREAS, Mr. Smith was the first black member of the Baseball Writers' Association of America. He won a number of writing awards and in 1951 was named Outstanding Alumnus of the Year by West Virginia State College. With Jackie Robinson, he wrote a book entitled, "The Jackie Robinson Story." In 1969 he was named Sportscaster of the Year, and was serving as President of the Chicago Press Club at the time of his death; and

WHEREAS, Wendell Smith will be long remembered as a gentle, gifted, understanding man who lived a life of unselfishness using his pen and his diplomacy to humble racial segregation in the sports world. Chicagoans will remember Mr. Smith with pride and affection as one who, through his actions, contributed much to the stature of the City he adopted as his own for the major portion of his career; now, therefore,

Be It Resolved, That the Mayor and Members of the City Council of the City of Chicago, in meeting assembled this 29th day of November, A.D. 1972, together with all the people of Chicago express publicly their sorrow at the passing of Wendell Smith, who proved through his own performance that craftsmanship has no color in sports or sportswriting, and extend to his wife, Wyonella Smith, their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Wyonella Smith, widow of Wendell Smith.

Alderman Holman moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion Prevailed and said resolution was *Adopted,* unanimously, by a rising vote.

CITY OF CHICAGO
DEPARTMENT OF LAW

November 22, 1972.

To the Honorable, The City Council of the City of Chicago:

Re: *Public Litho Service, Inc. v. City of Chicago* Illinois Appellate Court Nos. 55383, 55540 (cons.)

LADIES AND GENTLEMEN—On November 3, 1972, the Illinois Appellate Court, First District, delivered an opinion in the above-entitled cause affirming the decision of the Circuit Court of Cook County, which dismissed Plaintiff's cause of action.

Plaintiff brought suit under the Workmen's Compensation Act against the City to recover the amount of money it had been required to pay an injured employee pursuant to a settlement contract approved by the Industrial Commission. However, the Plaintiff did not notify the City of Chicago that the employee's injury had taken place on a public sidewalk until almost a year after the accident had occurred, but it did serve the City notice within six months of the Industrial Commission's action. The Circuit Court ruled that the six-month notice provision of the Tort Immunity Act had not been complied with and dismissed Plaintiff's cause of action.

In affirming the decision of the Circuit Court, the Illinois Appellate Court held that under the Workmen's Compensation Act, the employer is subrogated to the rights of an injured employee, and therefore, the six-month period in which notice must be given to preserve a cause of action against a public entity under the Tort Immunity Act begins to run from the date of the injury.

Very truly yours,

(Signed) RICHARD L. CURRY,
Corporation Counsel.

To the Honorable, The City Council of the City of Chicago:

Re: *Melvin Schultz, James Harrington, K. C. Roach, Cleo Blount, Norman Z. Board and Jean E. Ellison vs. John C. Marcin etc. et al.,*
Appellate Court of Illinois, First District No. 56048.

Ladies and Gentlemen—On October 19, 1972, the Appellate Court of Illinois, First District, filed its opinion in the above entitled case, affirming the Circuit Court of Cook County judgment which dismissed the complaint. The court held that the complaint in question was filed too late either to attack the petitions for local option or to attack the result of the election to comply with the terms of the Liquor Control Act (Ill. Rev. Stat. 1971, ch. 43, pars. 167 and 169). The court further observed that it would be incongruous to permit the challenge of the petitions and reward plaintiffs' tardiness by allowing them now to allege facial irregularities in the petition as a jurisdictional basis for contesting the validity of the election.

Very truly yours,
(Signed) Richard L. Curry,
Corporation Counsel.

Whereas, Section 23 of the Act creating the Department of Children and Family Services authorized the making of agreements between the Department and providers of Service; and

Whereas, the City of Chicago has entered into a contract with the United States of America for a grant for the execution of its Comprehensive City Demonstration Program for four model neighborhood areas (hereinafter referred to as the West target area, the North target area, the Mid-South target area and the Near South target area) pursuant to Title I of the Demonstration Cities and Metropolitan Development Act of 1966; and

Whereas, the City of Chicago has formulated and adopted a Comprehensive City Demonstration Program for their model neighborhood areas; and

Whereas, the parties hereto have signified their desire and intent to provide comprehensive day care services for Model Neighborhood residents; and

Whereas, the City of Chicago desires to convey a sum of money to the Department for use as a matching share to the Title IV-A funds available to the Department for the purpose of making available day care services for children of families eligible for said services according to the regulations of Title IV-A and the Title IV-A Illinois State Plan.

Now, Therefore, the Department and the City Demonstration Agency, in consideration of their joint and complementary responsibilities agree as follows:

I. Services:

The Contractor shall, in a satisfactory and proper manner as determined by the Department, operate programs of day care services which shall:

A. Provide for the care, supervision and education of those children of residents who reside in the Model neighborhood target area as defined in Exhibit "A". Services for these children (0 to 14 yrs.) can be provided either in day care centers, family day care homes or early childhood development programs. Provided that these services are offered in properly licensed facilities.

1. In the event that the State Plan is revised to eliminate group eligibility, model city residents as well as non-model city residents will be eligible for services provided by this contract based on individual family eligibility criteria developed by the Department and approved by the Department of Public Aid and the Department of Health, Education and Welfare.

2. Should the circumstances described in Part A, number 1, not occur, the Department shall pursue the question of services to children and families residing outside the target areas with the Department of Public Aid and the Bureau of the Budget. The Department will notify the Model City agency should approval be obtained.

Eligibility criteria for those families residing outside the target areas shall be established by the Department, shall be subject to approval by the Department of Public Aid and the Federal Department of Health, Education and Welfare.

[Exhibit "A" omitted for printing purposes]

As a requirement for receiving Title IV-A funds, those programs normally exempt from State licensing will have to be certified as meeting State licensing requirements.

C. Services are purchased on an individual basis and reimbursement for such services is based on a payment scale agreed upon by the Department and the Contractor. Exception to this may be requested when the Contractor can substantiate that increases or decreases lend to innovation and improved quality or where such a service is of a demonstration or experimental nature. It is the responsibility of the Contractor to see that no services are purchased which are available without cost.

D. Provide programs which promote in young children the development of maximum intellectual, social, emotional and physical capabilities.

E. Create linkages between the family, preschool, the school, and the community.

II. *Term:*

This agreement covers reimbursement for services commencing as of July 1, 1972 and ending June 30, 1973, inclusive.

Any work or services covered by this agreement shall not be sub-contracted without the involvement of the Department. The Contractor agrees to involve the Department in the review and approval of the contracts and/or work programs of all prospective sub-contractors. Prior to the finalization of said sub-contracts, each must be filed with the Department. The Department agrees to review and act on all sub-contracts and/or work programs within 10 working days of their receipt.

A. Any work or service sub-contracted hereunder shall be specified by written contract or agreement and shall be subject to all provisions and addendums to this agreement. In the case of any sub-contract for work with a private contractor concurred in by the Department, the Contractor shall record and retain the following records:

2. Identification of each prospective contractor considered.

3. Summary of bids and proposals, if any, received.

4. Justification for non-competitive procurement of sub-contract services and reasons for the selection of the sub-contractor or justification for selection of other than the lowest bidder in competitive procurement.

B. For those sub-contractors involving work needed to modify a facility such that 1) it meets licensing standards, or 2) generally improves the safety of the building; the Contractor agrees to send the following information to the Department before finalization of contracts:

1. Copies of the work needed and estimated cost as judged by a qualified architect.

2. Copies of the licensing or inspector's report which defines those modifications needed in order to bring the facility into compliance with standards.

3. Copies of bids, if any are accepted.

4. Number of children to be enrolled in the facility.

A $2,500.00 limitation is placed on ordinary and minor facility improvements. If facility modifications are required to bring a facility into compliance with licensing standards, and the anticipated costs exceed $2,500.00, the above procedures will be followed and Department approval will be required.

IV. *Monitoring and Evaluation:*

The Contractor agrees to provide information of an evaluative and research nature to the Department or to its designated agency in order to determine the efficiency and soundness of the services provided. This will include on-site evaluations by the Department or its designated agents.

These funds shall not be funds which have been received from any source other than Model City allocations. All costs shall be supported by properly executed payrolls, time records, invoices, contracts, or vouchers, or other official documentation evidencing in proper detail the nature and propriety of the charges. All checks, payrolls, invoices, contracts, vouchers, orders, or other accounting documents pertaining in whole or in part to this Contract shall be clearly identified and readily accessible.

3. The Department will, subject to the availability of funds from both sources referred to hereinabove, pay to the Contractor on a re-imbursement basis a sum not to exceed 100% of the eligible costs of the day care program provided for herein to a maximum amount of $8,000,000.00 within the conditions contained in this contract and all appendices or subsequent attachments.

Should this assessment indicate a need for an increase in the funding level, the Department shall make available an additional amount not to exceed $4.5 million to be matched by $1.5 million by the contractor for a total increase not to exceed $6,000,000.00.

Should this assessment indicate the contractor will not reach the level of spending as stated in Section V, part 3, a proportionate reduction of funding based on an analysis of the spending level will be made.

B. Method:

1. The Contractor shall submit to the Department on or before the 10th working day of each month thereafter an itemized invoice voucher and other forms as required by the Department (Exhibit "B" attached), requesting reimbursement of cost of the day care program for the preceding month accompanied by a check amounting to 25% of the costs incurred in said invoice period.

3. It is understood and agreed that the only expenditures that are reimbursable hereunder are those outlined in the work program (Exhibit "A" attached) and any changes and additions therein mutually approved in advance by the parties hereto in writing.

[Exhibit "A" omitted for printing purposes]

Guidelines for preparing such documents are attached and are a part of this agreement (Exhibit "B"). [Exhibit "B" printed on pages 4126-4127 of this Journal]

d. tensions or deviate behavior of adults in the family or problems of other children make it desirable for the child to be out of the home for part of the day

e. a period of Family counseling and rehabilitation makes care of the child necessary

f. housing of the family is overcrowded, inadequate, or lacking in play space

g. child needs social experience because he is an only child or the late arrival in a family of older children, or lives in a situation where he cannot normally have contact with other children of his age

B. The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex or national origin. The Contractor will take affirmative action to insure that applicants are employed, and that employees are treated during employment, without discrimination because of their race, color, religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoffs or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship.

The Contractor accepts responsibility for the protection of any non-expendable items purchased under this contract including property which will not be consumed or lose its identity by being incorporated into another item of property, costs $100.00 or more, and is expected to have a useful life of one year or more. Grouping of like items, which cost over $25.00 per unit, with an aggregate cost in excess of $100.00, such as chairs, shall also be controlled and accounted for as non-expendable property even though the cost of a single item is less than $100.00. The record shall include (a) description of the item of property, including model and serial number, if applicable, (b) date of acquisition, and (c) the acquisition cost or assigned value to the program.

EXHIBIT "B"

REIMBURSEMENT CENTER PROCEDURE

The sole policy is for the Funding Agency (the State of Illinois) to make funds available to the CDA or the MCA on a reimbursable basis. At no time may a CDA expect to receive advancement of funds. Services must have been rendered, or purchased items must have been received and paid for in order to claim State-Federal reimbursement. All reporting forms (to be discussed later) must be filled out completely and correctly to reflect the total amount of cash expenditures for the reporting month, and must be submitted to the Department on or before the 10th day of the following month. A check representing 25% of that amount must accompany these forms.

Disbursements of Funds by CDA

Disbursements of funds for goods and for services of persons and/or firms shall be supported by properly executed purchase orders or contracts. Purchase and contract procedures shall follow CDA practice and policy. Such policies and procedures shall be approved by the Department prior to implementation.

Disbursements must be supported by invoices or requisition which can readily be traced to the contract or purchase order for the services, supplies or equipment.

Reported expenditures must be supported with adequate documentation before they are approved for payment. Those expenses that are reported on form CFS 968-5 have to be supported by the original copy of the paid invoices. The invoices are to be coded with the project number, and there should be a clear indication on each invoice that it has been checked for prices, footings and extensions. Moreover, there should also be a clear indication that the specified goods were received or that the specified services were performed.

Since project sponsors are legally exempt from sales taxes when they make a purchase that is to be paid for with federal funds, the State is not allowed to make a reimbursement for sales taxes that are inadvertently paid. It is recognized that there are some expenses that cannot be supported with an invoice; e.g., the employers portion of the social security tax, etc. We will, therefore, accept a copy of the depository ticket as support for the amount of social security tax paid. Contributions to a pension plan or payments for workmen's compensation may be supported with receipts that are marked paid.

Whenever an expenditure is made for the purchase of non-expendable equipment, it must be included in the purchase account. It is also necessary to complete the appropriate Property Record form. The copy of this form must be submitted with the Reimbursement Voucher, and the original must be retained by the project sponsor.

Non-expendable equipment is defined as an item that has the following characteristics:

1. A life expectancy of at least one year;
2. The durability to retain its identity;
3. A unit cost of at least $100.

The last characteristic is not a mandatory requirement. A grouping of like items, such as chairs, with an aggregate cost in excess of $100 shall also be controlled and accounted for as non-expendable property even though the cost of a single item is less than $100.

Each item must have an identifying decal affixed to it. This should be done in accordance with the agencies normal property control procedures. It is mandatory that the decal with the appropriate number be affixed to each item before the Reimbursement Voucher is submitted.

There will be seven (7) forms to be filled out at the end of each month. These forms must be filled out completely and correctly before any vouchers for reimbursement are processed. These forms include:

a.	CFS 968-1	Monthly Budgetary Status Report
b.	CFS 968-2	Expenditure Summary
c.	CFS 968-3	Monthly Income Report
d.	CFS 968-4	Detail of Salaries and Wages
e.	CFS 968-5	Expenditures Excluding Salaries and Wages
f.	CFS 968-6	Verification of Consultant or Contract Services Rendered
g.	CFS 420-13	Resident Verification

[Foregoing forms omitted for
printing purposes]

Each agency is required to use form CFS 968-2 to summarize the expenditures that are reported in detail on forms CFS 968-4 and 968-5. The approved budget is the source for the amounts that will be shown in column one (1); column two (2) is to be used to record the total of the expenditures that were made in the current period. The total of column two (2) must be in agreement with the summation of the totals that are shown on CFS 968-4 (col. 4) and CFS 968-5 (col. 7). The total of the expenditures that have been made since the inception of the project is to be shown in column three (3) of CFS 968-2. The amounts in column four (4) is always equal to the amounts in column one (1) less the amounts in column three (3).

Form CFS 968-4 has a provision (col. 3) for showing the percentage of time that an employee spent on project business. By taking the actual salary that was earned (col. 2) and multiplying it by the percentage that is specified in column three (3), the share of the expenses for the current period that is chargeable to the Department will be obtained and recorded in column four (4). The total of the items in column four (4) is the amount that is entered in column two (2) of CFS 968-2 on the line that is reserved for account number.

Expenses that are incurred because of fringe benefits are to be shown on form CFS 968-5 which is to be used to report all expenditure other than salaries and wages. The account numbers shown on form are to be used in column five (5) of CFS 968-5, and the amounts that are shown in column seven (7) are to be summarized by those account numbers. The results of this summarization will then be entered on the appropriate lines in column two (2) of form CFS 968-2.

The Department of Children and Family Services has adopted the policy that there will not be an overrun of any line item in any Title IV-A funded approved budget. It is recognized that a budget (and each line item in it) is only an estimate and the actual need of a project may not be accurately known until the project is in its operational phase. Consequently, a Request for Budget Revision must be prepared, and it is to be used to make an application for either a budget change or a contract amendment. Please note the difference between these two types of request. A budget change will never require an increase in the total of the funds provided by the initial approved budget, but a contract amendment will always request a change in the level, of the initial approved budget. For either type request to become effective, the sponsoring agency must obtain written approval from the Department.

Sublease Agreement Authorized with Trans World Airlines, Inc. and REA Express, Inc. for Space, Etc. in TWA Cargo Site at Chicago-O'Hare International Airport.

The Committee on Finance submitted a report recommending that the City Council pass a proposed ordinance transmitted therewith, to authorize the execution of a sublease agreement between Trans World Airlines, Inc. and REA Express, Inc. for space, etc. in TWA cargo site at Chicago-O'Hare International Airport.

On motion of Alderman Keane the said proposed ordinance was *Passed,* by yeas and nays as follows:

Yeas—Aldermen Roti, Barnett, Kenner, Holman, Despres, Sawyer, Wilinski, Cousins, Adduci, Vrdolyak, Bilandic, Swinarski, Staszcuk, Burke, Lawlor, Langford, Shannon, Hines, Fitzpatrick, Kelley, Stewart, Stemberk, Potempa, Rhodes, Marzullo, Zydlo, Ray, Washington, Filippini, Keane, Gabinski, Sande, Frost, Laskowski, Aiello, Casey, Cullerton, Laurino, Simon, Scholl, Natarus, Singer, Simpson, Fifielski, Cohen, Hoellen, Wigoda—47.

Nays—None.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Aviation and the City Comptroller, subject to approval as to form and legality of the Corporation Counsel, are authorized to approve in behalf of the City of Chicago, a sublease between Trans World Airlines, Inc., and REA Express, Inc., for premises at Chicago-O'Hare International Airport, said sublease to be in the following form:

This Sublease Agreement made this..................... day of March, 1972, by and between Trans World Airlines, Inc., a corporation organized and existing under the laws of the State of Delaware (hereinafter called "TWA"), and REA Express, Inc., a corporation organized and existing under the laws of the State of Delaware (hereinafter called "REA"):

WITNESSETH:

Whereas, TWA leases certain premises, including improvements thereon, at Chicago-O'Hare International Airport (hereinafter called "ORD") under an agreement dated as of March 27, 1964, as amended, with the City of Chicago (hereinafter called "Main Lease"); and

Whereas, REA desires to sublease from TWA and TWA is willing to sublease to REA a portion of said premises subject to the terms and conditions of this Sublease Agreement.

Now, Therefore, for and in consideration of the provisions and mutual covenants herein contained, REA and TWA hereby agree as follows:

1. TWA hereby subleases to REA and REA hereby hires and takes from TWA the building space, truck dock and ramp space (hereinafter called, together with the automobile parking space referred to below, "The Premises") designated on Exhibit "A" attached hereto and made a part here-

of, to be used in the conduct of REA's air cargo transportation business. REA shall not be entitled to use or occupy any other portion of premises leased to TWA under the Main Lease. TWA's General Manager—Cargo at ORD shall, subject to the provisions of Section 1.02 of the Main Lease, designate the ingress/egress route that REA, its officers, employees, agents, customers, suppliers, contractors and invitees may use to the Premises. TWA may change said route upon 15 days' notice in advance to REA's local manager on the Premises; it is agreed, however, that TWA shall not select an ingress/egress route that will impose undue restraints on REA's normal operations, the intent being that TWA shall have the right to insure that REA's operations will not interfere with TWA's normal operations.

[Exhibit "A" printed on page 4135
of this Journal]

2. TWA agrees to designate an area in its automobile parking space for use by REA officers and employees at their own risk. The area shall be sufficient in size to accommodate up to 40 automobiles.

3. The term of this Sublease Agreement shall, subject to approval of the Sublease Agreement by the City of Chicago, commence with the date (a) that REA conducts operations from the Premises or (b) that falls 30 days after REA begins modifications to the Premises, whichever occurs first, and shall extend, unless sooner terminated as provided for elsewhere in this Sublease Agreement, for a period of 12 months, plus the number of days remaining in that month that the term commences, thereafter. In the event the Main Lease is terminated, this Sublease Agreement shall automatically terminate concurrently therewith. REA anticipates moving into its own cargo building at ORD. TWA agrees that should this move take place before the expiration of this Sublease Agreement, REA may terminate this Sublease Agreement as of the last day of any month prior to the expiration date by giving TWA written notice at least 30 days prior to the termination date set forth in the notice.

4. As rental for the Premises, REA agrees to pay TWA Six thousand six hundred and forty-four dollars ($6,644.00) each month in advance during the term hereof. Rental for the partial month that may occur at the start of the term shall be prorated on the basis of the number of days in that month during which this Sublease Agreement is effective versus the number of days in that entire month. Payments shall be due on the first day of each month and shall be made by REA without demand by or receipt of an invoice from TWA. Any rental payable by REA hereunder which is not paid when due shall bear interest at the rate of 7% per annum from the due date thereof until paid; however, the inclusion in this Sublease Agreement of a requirement for payment of interest on unpaid rental shall not prohibit TWA from exercising any and all other remedies that are available in the event rental due from REA is not paid.

5. This Sublease Agreement is in all respects subject and subordinate to all of the terms and conditions of the Main Lease, and REA agrees to assume, observe, be bound by and comply with all the terms, provisions and conditions of the Main Lease (copy of which REA hereby acknowledges receipt of) to the extent applicable to the Premises or the operations conducted therein. Wherever in the Main Lease the consent or approval of the City of Chicago or its Commissioner of Aviation is required, the consent or approval of both the City of Chicago or its Commissioner of Aviation and TWA shall be required under this Sublease Agreement. (It is agreed herein that Article III of the Main Lease shall not apply, in whole or in part.)

6. REA agrees that, except as provided by the next sentence, it shall at its expense provide or arrange for (a) all utilities required by it at the Premises and (b) janitorial and maintenance services for the Premises, the level and extent of such janitorial and maintenance services to be in accordance with a minimum standard fixed by TWA's General Manager-Cargo at ORD. TWA, at its expense, agrees to provide (a) heat (for interior building space) and electricity from the heating and electrical systems presently existing in the Premises, to the extent of their capability and (b) structural maintenance required, if any, as a result of defects in design or materials used in construction or their assembly by TWA's contractors.

7. REA agrees to maintain and to keep the interior of the Premises in good repair.

8. REA shall, at its expense, make certain modifications in the Premises. The modifications shall be approved in writing first, however, by TWA's Manager-Cargo at ORD and by the City of Chicago (through, or as directed by, its Commissioner of Aviation). REA agrees that upon expiration or termination of this Sublease Agreement REA shall, at its expense, restore the Premises to the condition in which received by REA, reasonable wear and tear and loss by fire excepted, unless TWA shall agree in writing to waive restoration in whole or in part. REA agrees, at its expense, to provide and submit promptly all plans and specifications for intended installations, modifications, signs, etc., to or on the Premises to TWA's General Manager-Cargo at ORD for approval, and also obtain approval of the City of Chicago Commissioner of Aviation for such plans and specifications prior to installation, modification, etc. REA shall, at its expense, comply with any applicable building code or regulation in connection with such work, and shall insure that no liens are placed on the Premises or on the Premises leased to TWA under the Main Lease by reason of REA's use or occupancy of the Premises or its installations or modifications therein. In the event that the parties hereto are unable to agree within 90 days from the date of this Sublease Agreement on acceptable plans and specifications for the installations, modifications, etc., intended to be made by REA, or in the event that REA is unable to obtain approval thereof from the City of Chicago Commissioner of Aviation within a 90 day period of time after submission thereof to the City by REA, this Sublease Agreement may be cancelled by TWA or REA by notification to the other in writing. REA agrees that all approved installations, modifications, etc., required in order to make the Premises usable for its operations shall be arranged for and contracted for by REA at REA's expense. Also, REA shall bear the expense and make arrangements as necessary to replace any existing facility or equipment (including electrical outlets) made unavailable to TWA by reason of REA's occupancy, but still required, in the opinion of TWA's General Manager-Cargo at ORD, for the continued use and enjoyment by TWA of the Premises not subleased to REA.

9. REA, its officers, employees, agents, customers, suppliers, contractors and invitees shall be bound by and observe all rules and regulations

10. Any final judgment rendered against TWA and/or the City of Chicago for any cause for which REA is liable hereunder shall be conclusive against REA as to liability and amount. REA further agrees to furnish TWA and the City of Chicago with evidence of insurance of the type and in amounts as may be requested by TWA and the City of Chicago but not in excess of such insurance as is required of TWA under the Main Lease.

11. REA agrees to indemnify and hold harmless TWA and the City of Chicago from and against any taxes, assessments, liens of any kind, surcharges, etc., levied by any governmental agency or through any procedure of law in connection with the occupancy and use of the Premises by REA or with REA's business operations or equipment in the Premises.

In the event of termination of the Main Lease, then this Sublease Agreement shall forthwith terminate.

In the event REA shall default in the payment of rental required hereunder to be paid to TWA, and such default shall continue for 15 days after notice in writing shall have been given to REA to correct the default, then upon expiration of such 15 day period this Sublease Agreement shall terminate unless TWA shall otherwise elect.

In the event of the termination of REA's Air Express Agreement (namely, its agreement with air transportation companies, and any extension thereof or agreement entered into substitution therefor), then this Sublease Agreement shall terminate as of the date of termination of such agreement.

No waiver of or election by TWA to disregard a default on the part of REA shall act to prohibit TWA from exercising its rights under this Sublease Agreement in the event of subsequent or continuing defaults by REA. No termination of this Sublease Agreement shall affect any rights or obligations accrued as of the date of such termination.

13. REA shall promptly surrender and vacate the Premises upon the expiration or termination of this Sublease Agreement. Payments to Contractor.
(a) The Government will pay the contract price as hereinafter provided.

(b) The Government will make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. If requested by the Contracting Officer, the Contractor shall furnish a breakdown of the total contract price showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates the Contracting Officer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration (1) if such consideration is specifically authorized by the contract and (2) if the Contractor furnishes satisfactory evidence that he has acquired title to such material and that it will be utilized on the work covered by this contract.

(c) ~~In making such progress payments, there shall be retained 10 per cent of the estimated amount until final completion and acceptance of the contract work.~~ However, if the Contracting Officer, at any time after 50 per cent of the work has been completed, finds that satisfactory progress is being made, he may authorize any of the remaining progress payments to be made in full. Also, whenever the work is substantially complete, the Contracting Officer, if he considers the amount retained to be in excess of the amount adequate for the protection of the Government, at his discretion, may release to the Contractor all or a portion of such excess amount. Furthermore, on completion and acceptance of each separate building, public work, or other division of the contract, on which the price is stated separately in the contract, payment may be made therefor without retention of a percentage.

(d) All material and work covered by progress payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work, or as waiving the right of the Government to require the fulfillment of all of the terms of the contract.

(e) Upon completion and acceptance of all work, the amount due the Contractor under this contract shall be paid upon the presentation of a properly executed voucher and after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising by virtue of this contract, other than claims in stated amounts as may be specifically excepted by the Contractor from the operation of the release. If the Contractor's claim to amounts payable under the contract has been assigned under the Assignment of Claims Act of 1940, as amended (31 U. S. C. 203, 41 U. S. C. 15), a release may also be required of the assignee.

INSPECTION OF RECORDS CLAUSE

(a) The undersigned agrees that the Postmaster General and Comptroller General of the United States, or any of their duly authorized representatives, shall until the expiration of three (3) years after commencement of Government's basic lease term have access to and the right to examine any directly pertinent books, documents, papers and records of the undersigned or its successors and assigns involving transactions related to this Agreement to Lease.

(b) The undersigned further agrees to include in all its subcontracts hereunder a provision to the effect that its subcontractors agree that the Postmaster General and Comptroller General of the United States, or any of their duly authorized representatives, shall, until the expiration of three (3) years after commencement of Government's lease term, have access to and the right to examine any directly pertinent books, documents, papers, and records of such subcontractor involving transactions related to the subcontract. The term "subcontract" excludes (1) purchase orders not exceeding $2,500 and (2) subcontracts for purchase orders for public utility services at rates established for uniform applicability to the general public.

IN WITNESS HEREOF, I (we) have hereunto set my (our) hand(s) and seal(s) this 30th day of August 1971.

All rights of action for any such breach of contract by the contracting parties are reserved to the United States.

6. TERMINATION FOR DEFAULT - DAMAGES FOR DELAY - TIME EXTENSIONS

(a) If the successful bidder refuses or fails to prosecute the work with such diligence as will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within such time, the Government may, by written notice to the successful bidder, terminate his right to proceed with the work. Whether or not the successful bidder's right to proceed with the work is terminated, he and his sureties shall be liable for any damage to the Government resulting from his refusal or failure to complete the work within the specified time.

(b) The successful bidder's right to proceed shall not be so terminated nor the successful bidder charged with resulting damage if:

(1) The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the successful bidder, including but not restricted to, acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the successful bidder and such subcontractors or suppliers; and

The decision of the Postmaster General, or his duly authorized representative shall be final and conclusive unless determined by a court of competent jurisdiction to have been fraudulent or arbitrary or capricious or so grossly erroneous as necessarily to imply bad faith, or not supported by substantial evidence PROVIDED, that if no such appeal to the Postmaster General is taken, the decision of the Contracting Officer shall be final and conclusive. In connection with any appeal proceeding under this clause, the undersigned shall be afforded an opportunity to be heard and to offer evidence in support of his appeal. Pending final decision on an extension of time hereunder, the undersigned shall proceed diligently with the performance of the contract and in accordance with the Contracting Officer's decision. Inability to comply with State, city or local construction or zoning laws or ordinances, or with restrictive covenants, shall not normally be regarded as an unforeseeable cause, PROVIDED, HOWEVER, that if the successful bidder shall acquire the demised property, an interest therein or an option to purchase the same by or through assignment or transfer from the Postmaster General or his duly authorized representative, and if in the course of such acquisition the successful bidder is unable to comply with such laws or ordinances or restrictive covenants, then this agreement shall be and become terminated with no further liability on the part of either party unless such laws or ordinances or restrictive covenants are suitably changed or removed in accordance with an option or other agreement with the owner which so provides.

(d) In the absence of a specific agreement, time allowed for completion of any work required under the provisions of this paragraph is limited to thirty (30) days.

(e) The Lessor shall give the Chief, Real Estate Branch, and the Chief, Engineering Branch, at least fifteen (15) days advance written notice of the date the work will be fully completed and ready for acceptance inspection and tests.

(c) It is agreed that the Lessor's noncompliance with the provisions of this section shall constitute a material breach of this lease. In the event of such noncompliance, the Government may take appropriate action to enforce compliance, may terminate this lease, or may pursue such other remedies as may be provided by law. In the event of termination, the Lessor shall be liable for all excess costs of the Government in acquiring substitute space, including but not limited to the cost of moving to such space.

(d) The lessor agrees to include, or to require the inclusion of, the foregoing provisions of this section *(with the terms "lessor" and "lease" appropriately modified)* in every agreement or concession pursuant to which any person other than the lessor operates or has the right to operate any facility. For breach or violation of this warranty the Government shall have the right to annul this lease without liability or in its discretion to deduct from the rental price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee. (Licensed real estate agents or brokers having listings on property for rent, in accordance with general business practice, and who have not obtained such licenses for the sole purpose of effecting this lease, may be considered as bona fide employees or agencies within the exception contained in this clause.)

Presentation of Captain Ronald A. Radcliff.

By unanimous consent Honorable Richard J. Daley, Mayor presented the following citation describing the military career of Captain Radcliff and his many citations for Valor and Bravery:

Captain Ronald A. Radcliff, U.S. Army, now a patient at Great Lakes Naval Hospital recovering from machine gun wounds. He was wounded while serving his third tour of duty in Viet Nam as a Helicopter Pilot, also serving as a Scout Pilot for eight months, an all-volunteer job where average pilots get killed after about two months. The job meant flying at tree top level searching for the enemy. He flew 1500 missions in his three tours of Viet Nam.

Captain Radcliff is one of our Country's most decorated soldiers.

At a recent ceremony at the Great Lakes Naval Hospital Captain Radcliff received thirty-four decorations. The Captain now has seventy-five medals with more still forthcoming.

At the conclusion of the citation Honorable Richard J. Daley, Mayor, presented to Captain Radcliff the Chicago Medal of Merit and called upon the Captain to address the Council.

Captain Radcliff stated that he was not a "big speech maker" but stated that he was honored and thankful to the members of the Council and the Mayor for the honor bestowed upon him. He further stated that he had an interesting job, working with outstanding people, that all worked together and looked after one another and declared that it was a privilege to be so occupied.

Mayor Daley then introduced the proud parents of Captain Radcliff who were warmly applauded.

Alderman Sawyer also addressed the Council, claiming Captain Radcliff as a member of his ward and neighbor and added his congratulations and admiration for Captain Radcliff's numerous awards for bravery and heroism above and beyond the call of duty. He expressed his appreciation that these feats had been recognized by the United States Government and the City of Chicago. Alderman Simon also addressed the Council extending his congratulations to Captain Radcliff and expressed the hope that the Captain would concern himself with the treatment afforded wounded veterans by the Veterans Administration Hospitals.

REGULAR ORDER OF BUSINESS RESUMED.

REPORTS AND COMMUNICATIONS FROM CITY OFFICERS.

Placed on File—WITHDRAWAL OF ORDINANCES CONCERNING LEASE AGREEMENTS FOR PARKING FACILITY AND DRUG STORE OPERATION AT CHICAGO-O'HARE INTERNATIONAL AIRPORT.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was *Placed on File:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

DECEMBER 11, 1972.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—The City Council has had under consideration an Ordinance to increase the parking fees applicable to the new multi-level parking garage at O'Hare and an agreement with APCOA to operate the facility for a period of ten years. Both of these matters were the product of extensive negotiations between the City (aided by a private consultant), the Airlines' representatives and the Operator. Despite these efforts, the entire subject of the O'Hare parking has become embroiled in allegations, misrepresentations and suspicion. In order to remove the doubt which exists in some quarters and to evidence my continuing concern that public confidence be maintained in the conduct of local government, I am requesting that no further action be taken on either of these specific proposals and that they be withdrawn from consideration by the City Council.

I have directed the Commissioner of Aviation and the Corporation Counsel to prepare specifications and bid documents which may be utilized by the City in securing competitive bids for the O'Hare parking concession.

It should be clearly understood that the procedure and legality of negotiated leases and agreements for concessions at O'Hare has been sustained bv the Illinois Appellate Court and has been followed by the City, in order to assure that highest caliber of operation for those services and accommodations which the airport-using public needs and expects to find at an international terminal.

All revenue generated from every source at O'Hare is utilized to pay the principal and interest on the revenue bonds that built the terminal facilities. No tax dollar has ever been spent to develop the world's busiest airport. This unique self-sustaining financial arrangement between the City and the major airlines permits the City to concentrate upon quality of service to the airport-using public as the primary motivation in awarding leases and concessions.

I also request that the pending drug store lease with O'Hare Drug, Inc. be withdrawn without Council action.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED ORDINANCE TO AMEND THIRD YEAR ACTION PROGRAM DUE TO REVISED BUDGET REQUIREMENTS WITH IDENTIFICATION OF NEW PROJECTS PLUS DOCUMENT ENTITLED "AMENDMENT TO FIRST, SECOND AND THIRD YEAR ACTION PROGRAMS".

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Finance:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

DECEMBER 15, 1972.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—At the request of the Director of the Model Cities Program, I transmit herewith an ordinance amending the third year action program as approved by the City Council October 27, 1971. These amendments are required by the U.S. Department of Housing and Urban Development due to revised budget requirements, the necessity to identify projects which have been discontinued and the reasons therefor, and identification of new third year projects.

Also submitted herewith in further explanation of the aforesaid ordinance is a document prepared by the Model Cities Program entitled "Amendment to First, Second and Third Year Action Programs."

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED ORDINANCE TO AUTHORIZE AND APPROVE PLAT OF DEDICATION FOR PORTION OF E. RANDOLPH ST.

Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on Local Industries, and Alleys:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

DECEMBER 15, 1972.

To the Honorable, The City Council of the City of Chicago:

LADIES AND GENTLEMEN—At the request of the Superintendent of the Bureau of Maps and Plats, I transmit herewith an ordinance authorizing and approving a plat of dedication of E. Randolph Street between N. Lake Shore Drive and a line approximately 437 feet East thereof.

Your favorable consideration of this ordinance will be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

Referred—PROPOSED ORDINANCES CONCERNING SPECIFIED URBAN RENEWAL AND REDEVELOPMENT PROJECTS.

Honorable Richard J. Daley, Mayor, at the request of Lewis W. Hill, Chairman of the Department of Urban Renewal, submitted communications dated December 15, 1972, transmitting proposed ordinances affecting certain Urban Renewal and Redevelopment Projects, which were *Referred to the Committee on Planning and Housing,* as follows:

Approving the Determination of the Department of Urban Renewal that the area known as 47th-Michigan is Slum and Blighted and should be acquired for Redevelopment;

Approving the Redevelopment Plan and Feasibility of relocation for Project 47th-Michigan;

To Approve Revision No. I to the Redevelopment Plan for Redevelopment Project Chicago-Orleans.

Tribute Paid to Late Congressman George W. Collins.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom has called to his eternal reward on December 8, 1972, a distinguished former colleague, Congressman George W. Collins, one of the forty-five persons who died in the tragic crash of a United Air Lines jet plane on the Southwest side of Chicago; and

WHEREAS, Congressman Collins was born and raised in Chicago. He graduated from Waller High School and studied business law at Northwestern University. He was a veteran of World War II, and served with the Army Engineers in the South Pacific. Congressman Collins was a community leader and public servant all of his adult life. Prior to his attaining elective office, he held positions with the Cook County Sheriff's Department the Municipal Court System and the Chicago Board of Health; and

WHEREAS, George W. Collins was elected a member of this City Council in 1964 and served both the people of the 24th Ward and the City of Chicago with great devotion and dedication in that capacity until 1970 when he was elected to the United States House of Representatives. George Collins' personal warmth, kindly spirit and ever-present smile won for him the affection and esteem of all of the members of the City Council who were privileged to serve here with him. His gentlemanly demeanor, however, did not mask his deep concern for the problems of housing, education, poverty and equal opportunities in employment as he saw them, nor did it distract him from seeking out solutions for the problems of his constituents both in legislative assemblies as well as in the neighborhood; and

WHEREAS, George Collins was the first black Congressman to be elected from the West Side of the City where he was born, raised and schooled. His concern for the people he represented and their needs was well known and his candidacy was popularly received. His energetic representation and his earnest voice raised in their behalf in the Congress of the United States recently won for him a well deserved second term; and

WHEREAS, The tragic crash of the United Air Lines flight from Washington, D.C., brought to an untimely end the promising career of an outstanding public servant whose record of public life was but a prologue and forecast of the many years of dedicated able leadership he would have provided not only the people of his district, but the City the State and the Nation. The kindness and personal involvement which was typical of George Collins' approach to public life is perhaps best seen in the reason for his return to the City on the flight which took his life, he was flying home so that he could personally take charge of the arrangements for the Children's Christmas Party which was held annually under his sponsorship in the 24th Ward; and

WHEREAS, Congressman George W. Collins will long be remembered for his dedicated leadership as a public servant who gave unstintingly of himself in the best interests of all the people he served; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago in meeting assembled this 15th day of December, A.D. 1972, together with all the people of Chicago express publicly their sorrow at the untimely and unfortunate passing of their former colleague, a distinguished public servant, Congressman George W. Collins, and extend to his wife, Cardiss Collins and his son Kevin Collins, their heartfelt sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to Cardiss Collins, widow of Congressman George W. Collins.

Alderman Rhodes moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Rhodes (seconded by Aldermen Marzullo, Roti, Frost, Shannon, Natarus, Langford, Cousins, Sawyer, Washington, Ray, Kenner, Simon, Vrdolyak, Stemberk and Burke) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Alderman Rhodes and the seconding aldermen all expressed their deep regret at the untimely death of Congressman Collins. They all lauded him as one who had truly loved his fellow man and who had tried to do everything within his power to aid all the people of his district. All praised him for the fact that he never lost sight of his humble beginnings and for having been a dedicated public servant. It was noted that he had been cool, calm and collected, gentle but strong and completely concerned and involved with all the problems involving his community. All expressed a deep sense of grief and loss and extended their condolences and sympathy to Mrs. Collins and son Kevin. All agreed that the City had indeed suffered a grievous loss.

Honorable Richard J. Daley, Mayor, also addressed the Council thanking the late Congressman for his many endeavors on behalf of the City and his community, stating that he had been most loyal to all the citizens of Chicago, to his community and to his party. He concluded by saying that he was most grateful to the late Congressman for the endless time devoted to all whom he had served.

Tribute Paid to Late Simeon E. Leland.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom has called to his eternal reward on December 7, 1972, Simeon E. Leland, dean emeritus of Northwestern University's College of Arts and Sciences; and

WHEREAS, Dean Leland was born in Madison, Indiana on September 2, 1897. He was a graduate of De Paul University, Greencastle, Indiana, and received his master's degree at the University of Kentucky and doctorate at the University of Chicago. He was a professor of economics at the University of Kentucky and Chairman of the Department of Economics at the University of Chicago. He was a professor of economics and Dean of the College of Arts and Sciences at Northwestern University from 1946 until he retired in 1966; and

WHEREAS, Dean Leland was an expert on government finance and served on many state, national and international commissions. In 1968 Dean Leland was appointed to head a 21 member blue-ribbon committee to study Illinois' revenue problems in light of the new state constitution. Most recently Dean Leland served as a Consultant to the Chicago Home Rule Commission. In October of this year Dean Leland completed a revenue study for the Commission which became a part of the Commission's Report to be submitted to the Mayor and the City Council; and

WHEREAS, Dean Leland died as a result of a tragic automobile accident. His expert and practical advice and guidance in the field of government finance will be sorely missed especially in the City of Chicago during this period of transition to Home Rule; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago in meeting assembled this 15th day of December, A.D. 1972, together with all the people of Chicago express publicly their sorrow at the passing of Dean Simeon E. Leland, and extend to his family their sincere sympathy; and

Be It Further Resolved, That a suitable copy of this Resolution be presented to the family of Dean Simeon E. Leland.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Bilandic (seconded by Alderman Sperling) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Tribute Paid to Late Judge John J. Lupe.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council submitted the following proposed resolution:

WHEREAS, Almighty God in His Infinite Wisdom has called to his eternal reward on December 4, 1972, former Judge of the Circuit Court of Cook County, John J. Lupe; and

WHEREAS, Judge Lupe was born and raised in Chicago. Be It Resolved, That the following provisions governing the administration of the Compensation Plan as set forth in the Annual Appropriation Ordinance and Employee Benefits, be adopted:

REGULATIONS GOVERNING THE ADMINISTRATION OF THE COMPENSATION PLAN AND EMPLOYEE BENEFITS FOR CLASSIFIED POSITIONS SET FORTH IN THE ANNUAL APPROPRIATION ORDINANCE.

A. PURPOSE.

These regulations contain provisions governing compensation administration, and benefits for all classified positions under the jurisdiction of the Civil Service Commission in the departments and offices which are subject to control and regulation by and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago, except the positions in the Chicago Board of Education and Board of Junior Colleges District 508; and for all positions in the departments which are exempted from the jurisdiction of the Civil Service Commission, but which are subject to the control and regulation by, and for which compensation is required to be fixed by the Mayor and the City Council of the City of Chicago.

B. ADOPTION AND DEFINITION OF THE COMPENSATION PLAN.

(1) *Adoption of the Compensation Plan.*

(a) The salary schedules, including a range of pay for each class grade, as set forth in Schedules B, E, G, and S, Base Salary Schedules for Civil Service classified positions, except positions with single rates, and positions in the exempt offices; Schedules C and T Longevity Salary Schedules for the positions covered by Schedules B and S, Schedule D Salary Schedule for Uniformed Firefighters and Sworn Police Personnel hereof shall constitute the compensation plan for City employees in departments which are subject to the control of the Mayor and the City Council. The class grade for each class of positions as specified in Schedules A-1 and A-2 Civil Service Classified Positions adopted by the Civil Service Commission; and Schedule A-3—Law Department and Schedule A-4—Board of Election Commissioners; as on file with the Civil Service Commission shall determine the salary range applicable to all positions of the class.

(b) Schedule A-2 lists all positions included in the Technical Service Salary Plan. The Civil Service Commission will maintain complete class specifications including minimum education and/or experience requirements for all positions in Schedule A-2. Before an employee may be appointed to a position in the Technical Service Salary Plan, he must be recommended by the appointing authority and his education and/or experience must be approved by the Civil Service Commission and the Mayor's Office as meeting the minimum requirements of the class specification.

(c) The salary schedule for Physicians and Dentists shall be as set forth in Schedule E. Except as otherwise provided herein, the salary upon initial appointment to any position which is at an entrance rate, and advancements by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule for each category of Dentist, Medical General Practitioner or Medical Specialist. Additional compensation may be paid for each Medical Practitioner upon his becoming Board Eligible and/or Board Certified as specified in Schedule E II. Supervisory Responsibility will be recognized in Salary Schedule E III by the payment of additional compensation as delineated in the Supervisory Responsibility Category.

(2) *Base Salary Schedules.*

Each base salary range in Schedules B, G, and S includes an entrance rate, an intermediate rate or rates and a maximum rate. The normal entrance rate shall be the rate to be designated in the salary schedule for all salaried positions. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from a specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the periods specified in the schedules.

(3) *Longevity Salary Schedules.*

Each longevity salary range in Schedules C and T includes longevity pay rates. After at least one year of satisfactory service at the maximum rate of a base salary range, each salaried employee may be advanced to the first longevity rate of that range when he has completed the required amount of continuous service with the City as indicated in Schedule C or Schedule T. Advancement by successive steps to the next higher rate or rates shall be made on the basis of satisfactory continuous service for at least the periods specified in the schedules.

(4) *Salary Schedules for Uniformed Firefighters and Sworn Police Personnel.*

The Salary Schedules for Uniformed Firefighters and Sworn Police Personnel shall be as set forth in Schedule D. Except as otherwise provided herein, the salary upon initial appointment to any position shall be at the entrance rate and advancement by successive steps from each specified salary rate to the next higher rate shall be made on the basis of satisfactory service for at least the period specified in the schedule. After at least one year at the maximum rate each uniformed Firefighter and sworn Police Personnel may be advanced to the appropriate longevity rate of that range when he has completed the required amount of continuous service with the City as indicated in Schedule D.

(5) *Salary Rates Based Upon Full-Time Employment.*

The salary rates prescribed in the salary schedules are fixed on the basis of full-time service for normal work weeks of 35 to 40 hours, except as indicated otherwise for certain classes in Schedules A-1, A-2, A-3 and A-4 which are on file with the Civil Service Commission. For positions which are professional, supervisory and executive in character, the normal work weeks of 35 to 40 hours generally apply, but the compensation is intended to be appropriate for the class regardless of variations in the time that may be required to satisfactorily fulfill the responsibilities of the positions.

(6) *Computation of Salaries of Part-Time Employees.*

A professional employee occupying a position in Schedule B, Schedule E, or Schedule S and above who is regularly employed on a continuing work schedule of less than 35 hours per week, except those employees paid on a hourly basis, shall be compensated on the following basis:

(PT-A)—Authorized part-time service at three-fourths full-time, eighty percent (80%) of rates prescribed for full-time employment.

(PT-B)—Authorized part-time service at one-half full-time, fifty-five percent (55%) of rates prescribed for full-time employment.

(PT-C)—Authorized part-time service at one-fourth full-time, thirty percent (30%) of rates prescribed for full-time employment.

Any other employee who is employed on a part-time schedule shall be paid for hours actually worked at an appropriate hourly rate equivalent to the entrance salary rate of the position or the hourly rate set forth in the Annual Appropriation Ordinance or the number of hours set forth in the Annual Appropriation Ordinance.

(7) *Continuity of Service.*

Service requirements for advancement within the salary ranges and for other purposes as specified in this resolution shall have the implication of continuous service with the City of Chicago, including the positions which are exempt from the jurisdiction of the Civil Service Commission. This means continuously paid employment without a break or interruption; provided that any absence of leave without pay or layoffs for 30 days or less or abscence in individual cases adjudged eligible for duty disability compensation or absence on military leave as set forth in Chapter 24½, paragraph 151 of the Illinois Revised Statutes, shall not affect the continuity of service. Absence from the City service on leave without pay for periods in excess of 30 days, all suspensions, time after layoffs for more than 30 days and all absences without leave shall be deducted in computing total continuous service. All separations, discharges and resignations not followed by reinstatement within one year, shall interrupt continuous service and shall result in the loss of all prior service credit. Time on a civil service reinstatement list of more than one year, where at least one offer of re-employment has been made and waived or refused, shall interrupt continuous service and shall result in the loss of all prior service credit. Personnel who are paid by voucher shall receive no credit for continuity of service for the period they are paid by voucher.

Any employees of the City who have rendered service to the County of Cook, the Chicago Park District, the Forest Preserve District, the Chicago Land Clearance Commission, the Chicago Housing Authority, The Metropolitan Sanitary District of Greater Chicago, the State of Illinois, The Chicago Board of Education, Board of Junior College District 508 or the Chicago Transit Authority, shall have the right to have the period of such service credited and counted for the purpose of advancement within the longevity salary schedules, provided that the above interpretation of continuous service shall apply.

Seasonal employment of less than 120 calendar days in any year shall not be credited toward continuity of service.

Non-seasonal employees who work a minimum of eighty hours per month shall be credited with continuity of service for the time worked.

(8) *Insurance Coverage.*

In providing for individual or family employee hospital and medical care insurance as set forth in the appropriation ordinance under code .042, each company that provides hospital and medical insurance coverage shall first be approved by the Mayor and the City Comptroller. The benefits provided for in policies to be issued by approved companies shall all be comparable in order that each employee will receive comparable benefits for the premium paid; and policy provisions and rates shall all be approved by the Mayor and the City Comptroller and the same shall be approved by the Corporation Counsel as to form and legality. The policy or policies shall be kept on file with the City Comptroller. Each insurance company shall report to the City Comptroller and the Committee on Finance of the City Council setting forth the number of employees insured, the name and amount expended on behalf of each employee or his beneficiaries and the number of claims pending together with the names of the claimants and the amounts claimed. Each company shall file said reports on or before the first day of August and the first day of February for the prior six months ending on June 30 and December 31.

The enrollment period shall commence on January 2nd and shall terminate on January 31st of each fiscal year, except for new employees who shall be eligible for coverage upon request. All employees shall have not less than 90 days accumulated employment with the City in order to be eligible for coverage. Changes in coverage within a group plan will only be made on the 1st of each month with the approval of the City Comptroller. Where more than one member of a family is employed by the City, only one coverage will be allowed.

C. Application and Interpretation of the Employee Benefit and Compensation Plan.

(1) *Starting Rate on Initial Employment.*

Original appointments to any positions shall be made at the entrance rate of the salary range prescribed for the applicable class grade. In exceptional cases, upon recommendation by the department head, the Civil Service Commission, the Budget Director and the Chairman of the Committee on Finance of the City Council, or in the cases of positions in the Law Department by the Corporation Counsel, or in the Board of Election Commissioners by the Chairman thereof, and upon the approval of the Budget Director and the Chairman of the Committee on Finance of the City Council, original appointment may be made at a base rate above the normal entrance rate. Entrance above the base rate shall be based on the outstanding and unusual character of the applicants education, experience and training over and above the minimum qualifications specified for the class.

(2) *Starting Rate on Return to Duty.*

When an employee returns to duty in a position of the same class grade after a separation from the City service of not more than one calendar year, which separation was not due to discharge or resignation for cause, such employee shall receive the rate in the applicable salary range of the step corresponding to the step at which paid at the time of separation, and shall subsequently serve thereat for at least such additional period as required for advancement to the next higher step.

(3) *Starting Rate Following Promotion.*

When an employee is promoted from one position to a position in a higher class grade, except in Schedule E, such employee shall be paid at a rate that will provide an increase in salary of approximately five percent over the last salary paid, except that such employee shall be paid at least the entrance rate of the new position, even though this may produce an increase in excess of the aforementioned limitation. This action shall be effective on the first day of a pay period and shall not precede the receipt of the Personnel Action Report (CS14) at the Civil Service Commission.

(4) *Starting Rate on Reclassification of Position.*

In the event that a position is reclassified from one class of positions to another class of positions in the same class grade, except in Schedule E, the incumbent of such position when appointed to the new position by proper authority shall retain the salary he received in the former position.

In the event that the class grade for a class of positions is changed to a higher class grade by the appropriate authority, the incumbents of such position shall retain the rate of pay received in the former grade, and shall receive such rate of pay for such additional period as may be required for advancement to the next higher rate of pay, provided that such employees shall be paid at least the entrance rate for the new grade.

In the event that the class grade for a class of positions is changed to a lower class grade by the appropriate authority, the incumbents of such positions shall retain the salary they received in the higher salary range.

(5) *Starting Rate on Appointment to a Position of a Lower Class Grade.*

In the event that an employee is appointed to a position of a lower class grade, than that of his former position, such employee shall be paid at the same step in the lower class grade as he had been paid in the higher class grade, provided that when an employee receives a civil service promotion to a position which is of a lower class grade than the position in which he is employed, the salary of said employee in the new position shall be based upon length of service in the position from which he is being promoted plus the length of service in the higher class grade position.

(6) *Anniversary Dates and Salary Schedule Advancement Following Salary Adjustment.*

After initial appointment to a classified position under the jurisdiction of the Civil Service Commission or to a position in the exempt offices, the anniversary date for an employee for purposes of advancement within a salary range shall be adjusted to coincide with the date of an action which increases the pay of the employee. Such action may be in the form of pay advancement within a salary range, promotion, reclassification of the position or change of class grade of the position.

(7) *Limitation of Salary Adjustments.*

Personnel actions which result in increases in pay by means of advancement within a salary range, promotion, reclassification of position, or change of class grade or position shall be made as set forth herein, provided that no employee shall receive the benefit of more than two such actions in any fiscal year, unless a supplemental action is recommended by the department head and is approved (a) by the President of the Civil Service Commission for positions under its jurisdiction, or (b) by the appointing authority for positions in the exempt offices, and (c) the Budget Director and the Chairman of the Committee on Finance of the City Council.

(8) *Accumulation of Service in One Class of Positions.*

Whenever an employee accepts work of the same or of a higher level under a different class of positions and later returns to his former same or lower position, his term of employment under such different class of positions shall apply on and be added to his term of service in the same or lower level class upon his return to same, for the purpose of determining the appropriate rate of pay within the range appropriate for the class; provided his employment in the City service has been continuous as hereinbefore defined.

(9) *Recommendations for Pay Advancement within a Salary Range.*

The Department head concerned shall recommend in writing to the Civil Service Commission the advance in salary of each employee in his department whose performance so merits and who has met the requirements for salary advance within the range for his position in accordance with the service requirement specified in Section B(2) and (3) dealing with the base salary schedules and longevity schedules. In the case of a classified position under the jurisdiction of the Civil Service Commission this recommendation shall include a certification that the employee has a performance rating of not less than 70, as computed in accordance with the Performance Rating Guide issued by the Civil Service Commission. In cases where the department head intends to withhold a salary increase and where the employee's overall performance rating is 70 or above, the department head shall communicate in writing at least 15 days prior to the effective date, to the Civil Service Commission the reasons for such proposed action and the Civil Service Commission shall review and approve or disapprove such action in writing.

The effective date of any advancement within the Compensation Plan shall be at the first day of the next pay period following the date the advancement is recommended and authorized as provided herein and approved by the Civil Service Commission or by the appointing authority for positions in the exempt offices.

D. PREVAILING RATE POSITIONS.

A prevailing rate (PR) position is hereby defined as one for which the rate is established under acceptable evidence of the wage prevailing in industry. Such positions are usually craft, labor or trade positions, and are not paid under the provisions of the Compensation Plan.

In the event that the pay basis for a position is changed from a prevailing rate basis to a salary schedule in a class grade the incumbent shall receive the lowest rate in the salary schedule that will not result in a decrease in salary. The Compensation Plan provisions shall thereafter govern.

In the event that an employee is appointed from a position paid on a prevailing rate basis to another position classified and paid under the Compensation Plan, such employee shall be given credit for the time served in the former position in determining the salary rate, provided that the duties performed in the new position shall be in the same line and character of work as the duties performed in the former position, further that any increase in salary shall not exceed 5%, and provided further that the employee shall in no case receive less than the minimum rate of the salary range of the new position. The applicable Compensation Plan provisions shall thereafter govern.

E. APPLICATION OF COMPENSATION PLAN.

(1) This Compensation Plan is applicable to positions indicated in Schedules A-1, A-2, A-3 and A-4 which are on file with the Civil Service Commission.

(2) *Limitations of Available Funds.*

All ordinary and special compensation provisions herein shall be effective only in the event sufficient funds for the respective positions have been appropriated and are available.

F. AUTOMOBILE ALLOWANCE.

Employees shall be reimbursed for the use of personally owned automobiles in the conduct of official City business according to the provisions of Section 7 of the Appropriation Ordinance.

An employee who is authorized and receives compensation for the use of his personally owned automobile in the conduct of city business shall provide proof of insurance coverage in an amount not less than $5,000 for property damage and $20,000 for personal injury and shall place on file with his department head a certificate of insurance showing the City of Chicago as an additional insured on his personal policy.

In determining actual mileage for which compensation will be paid, the mileage from the employee's place of assignment or home to his first work stop, whichever is shorter for the conduct of City business, and on return from his last stop, the mileage to his place of assignment or home, whichever is shorter shall be included in his daily mileage report for automobile mileage compensation. DEPARTMENT OF CONSUMER SALES, WEIGHTS AND MEASURES

1973 Program Plans and Costs

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	NET COST
I. Assuring accuracy of quantities delivered in sales transactions	Assuring accurate sales quantities of indicated products by various testing, investigation and enforcement activities.		
A. Food	Testing for accuracy, devices used for weighing or measuring food products sold at retail and wholesale levels. Checking the accuracy of represented weights and measures of food items offered for sale.	Consumers in Chicago spend $1.8 billion annually for food, including $500 million for meat. To assure that accurate quantities are delivered in these purchases, the Department plans to test every scale and filling device used for weighing or measuring food items at least once during 1973, requiring 45,000 tests. In addition, 50,000 inspections of package quantities will be made at retail food stores, and 1,750 inspections will be made at wholesale and processing plants.	**$269,108**
B. Gasoline and Petroleum Products	Testing for accuracy gasoline pumps at service stations, and other fuel dispensing meters and measuring devices.	There are 1.2 million vehicles registered in Chicago. Sales of gasoline in the City total approximately $300 million annually. The Department plans to test each gasoline pump in the City at six month intervals, requiring approximately 30,000 tests in 1973. Sales of heating oil and other petroleum products to 400,000 users in Chicago are approximately 700 million gallons per year, or in excess of $100 million. The Department plans 1,450 tests of fuel oil dispensing meters and 200 calibrations of fuel oil vehicle tanks in 1973.	**67,038**
C. Natural Gas and Electricity	Inspecting the calibration of rotating standards and voltmeters which in turn are used to test the accuracy of electric meters used for measuring quantities of electricity consumed. Testing gas meters for accuracy and continuously monitoring the BTU content of natural gas sold in the City.	Sales of electricity in Chicago exceed $350 million annually. The Department plans to make 1,775 calibrations of standards that will be used in testing electric meters. Sales of natural gas exceed $275 million annually. The Department plans to test 132,000 gas meters during 1973.	**11,239**
D. Services and Other Items	Testing for accuracy scales used for determining shipping charges, and weights of items such as building materials, coal and mechanical parts. Checking the accuracy of represented quantities through periodic inspections of goods in distribution channels.	Sales of building materials in the City exceed $150 million annually. Mechanical parts sold amount to $825 million. General merchandise sold exceeds $1 billion annually. The Department plans to make 19,000 tests of weighing and measuring devices for non-food items. In addition, 6,000 inspections of delivery quantities of such items will be made.	**53,074**

1973 Program Plans and Costs—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	NET COST
II. Assuring Fair Sales Practices			
A. Complaint and Referral Service	Responding to direct inquiries and complaints from public. Pursuing cases to satisfactory completion to the extent possible, either directly or through referral to other government agencies.	Because this activity is responsive in nature, it is difficult to forecast the demand for this service. However, in previous years the Department has handled approximately 2,000 cases per year. Based on a recent sampling of departmental experience, 67 percent of all cases handled were conciliated to the satisfaction of all parties concerned.	$ 41,639
B. Investigation and Enforcement	Programmed investigations to assure compliance with laws concerning trade practices.	The Department regularly checks newspaper ads for deceptive practices. In addition, investigations are made of gasoline service station price and octane rating representations, and meat grade labelling practices. As a result of complaints or inquiries, activities are directed toward particular industries which appear to require more intensive investigation. In the current year, special investigations have been directed at automobile sales and travel agencies. During the first 8 months of 1972, 225 Court Cases were initiated to enforce compliance with laws regarding deceptive sales practices.	65,978
III. Education, Information and Research			
A. Education and Information	Providing consumer education and information through speeches, exhibits, radio and television spot announcements, and personal contact with consumers and consumer groups.	The Department will maintain exhibits providing consumer information at various locations which are expected to assure a high level of consumer exposure. In addition, a complaint and information booth will be located in areas with heavy concentrations of consumer traffic to facilitate inquiries into the Department's services. It is estimated that 200 presentations on areas of consumer interest will be given. The Department expects to develop several new publications and to distribute approximately 200,000 pamphlets to consumers during the year.	37,614

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	NET COST
B. Research	Gathering data and performing analyses to provide basic information for consumers, provide recommendations for new consumer protection legislation, and provide data for increasing effectiveness of Department operations.	During previous years, as a result of Departmental recommendations, laws were passed providing for quality disclosure, such as meat grade labeling and octane rating disclosure. In 1973, Departmental research will be directed toward uniformity and clarity of package labeling, and licensing of businesses. In addition, studies will be made of Departmental operation to insure efficiency and effectiveness.	$ 28,078
IV. General and Support Services			
A. Departmental Administration	Administration, supervision and clerical activities necessary to sustain departmental operations not attributable to specific program areas.	In addition to the normal administrative and supervisory functions necessary to support departmental operations, the Department plans to provide training programs for Departmental personnel and to review operating practices and activities to improve effectiveness.	142,202
B. Other Services	The Department is often called upon to perform specific services in support of City programs that are within the Department's capabilities but not directly related to the usual mission of the Department. These services are performed with existing Departmental personnel and resources so no cost is identified with these activities.	Because of their nature, future needs in this area are difficult to predict. In 1972, such activities included investigations of phosphate contents of detergents and lead contents of paint, in response to new City ordinances affecting these products. Special investigations were conducted to insure compliance with the new tobacco sales tax and the parking lot tax ordinances enacted in January, 1972.	......

DEPARTMENT OF CONSUMER SALES, WEIGHTS AND MEASURES

The Department is in charge of receiving and investigating complaints relative to fraud, false pretense, misrepresentation and other deceptive practices in connection with the sale for cash or credit or advertisement of any merchandise to any consumer, concurrent with the responsibility of protecting the consumer against fraudulent advertising and sales practice; in addition to the testing, proving and sealing of all weighing and measuring devices as provided in the City Code.

ELECTRICAL CONSTRUCTION CAPITAL ACCOUNT

The Electrical Construction Capital Account is established for the purpose of constructing, maintaining and repairing street lighting and other public electric facilities, and for the purpose of purchasing and maintaining a stock of material and supplies in connection therewith, the expense of which is to be reimbursed from appropriations of City funds, from funds of other governmental agencies or by private persons.

This account shall be maintained and used subject to the conditions and limitations of Sections 7-24.1 to 7-24.10 of the Municipal Code of Chicago and the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing material and services, including for incidental and overhead expense, not to exceed the following percentages: Forty per cent of the total definitive direct labor charges plus a rate not to exceed fifteen per cent of the material and other charges; the overhead rates will be determined by audit and approved by the Chairman of the Committee on Finance, City Comptroller and the Budget Director; further provided that charges for the use of trucks, compressors, mixers and other rolling and mechanical equipment shall be made on a unit rate per day or other unit as shall be determined by the Commissioner of Streets and Sanitation and approved by the Comptroller. Such unit rate or other basis of charge shall be determined and shall be adjusted from time to time on the basis of actual cost for furnishing the use of such equipment, which cost shall include expense incidental to the maintenance, housing and operation of such rolling and mechanical equipment and an appropriate charge for depreciation. The rates or other basis as determined from time to time shall be reported to the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Electrical Construction Capital Account to a depreciation reserve fund and expended therefrom for the replacement of rolling and mechanical equipment.

This account shall be maintained and used subject to the conditions and limitations of Section 7-24.1 to 7-24.10 of the Municipal Code of Chicago and to the conditions and limitations herein set forth.

Charges shall be based on the total cost of furnishing the services including not to exceed forty percent for overhead and incidental expenses, provided that the overhead and incidental expenses, engineering and drafting furniture, machinery and equipment used in the furnishing of services shall be charged for at fair rates as determined by audit and approved by the Chairman of the Committee on Finance, the City Comptroller and the Budget Director. Personnel transferred in this budget to the Public Works Revolving Fund from the former Bureau of Architecture and Building Maintenance shall be limited to an overhead charge of five percent. Such rates shall be determined and adjusted from time to time on the basis of actual cost of overhead and incidental expense, the cost of furnishing the use of equipment, which cost shall include the expense incidental to the maintenance and operation of such equipment and an appropriate charge for depreciation. Upon approval, the rates or other basis as determined from time to time shall be filed with the Committee on Finance of the City Council showing the various details included as parts of the total rate or other basis.

A reserve for depreciation shall be set up for all charges for depreciation included in the costs. Amounts equivalent to the periodic charges for depreciation shall be transferred from the general cash of the Public Works Revolving Fund to a Depreciation Reserve Fund by the City Comptroller and expended therefrom for the replacement of equipment; including automotive equipment.

Expenditures are authorized for all items as may be necessary, as shall enter into or become a part of the cost of furnishing the services herein authorized.

DEPARTMENT OF STREETS AND SANITATION

BUREAU OF FORESTRY, PARKWAYS AND BEAUTIFICATION

1973 Program Plans and Costs

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	PROPOSED APPROPRIATIONS
I. Beautification			
A. Public Ways	Planting trees and performing other landscaping functions for the purpose of beautifying public ways.	The Bureau plans to plant 40,000 trees in public ways during 1973. Species to be planted will be selected on the basis of reduced maintenance costs as well as aesthetic considerations. 100 flower beds consisting of 220,000 flowers will be planted in 1973.	$ 547,505
B. City-owned Facilities and Offices	Initial landscaping of City owned facilities for beautification purposes. Providing plants for City offices. Planting trees around public buildings.	The Bureau plans to provide landscaping services for the Northwest Incinerator, as well as 4 other newly developed City facilities.	108,686
C. Special Events and Community Projects	Providing forestry and horticultural services in connection with public shows, displays and other events, as well as community beautification projects.	The Bureau will participate in the development of parades, flower shows, civic displays and several neighborhood projects.	8,000
D. Removal of Undesirable Trees	Removal necessitated when a tree is determined to be undesirable because of species, form, location, or condition.	It is estimated that 100,000 trees currently existing in public ways should be removed to upgrade quality and reduce future maintenance requirements. However, because other programs have been considered to be more urgent, the Bureau has not allocated any of the limited resources available to this program.	....
E. Operation of Nursery	To provide a source of trees for planting.	The nursery will provide 10,000 trees for planting in public ways in 1973. In addition 30,000 trees will be propagated and developed for future transplantation.	143,738
F. Operation of Greenhouse	To provide a source of plants for beautification.	The greenhouse will propagate all plants to be used in the Bureau's 1973 beautification activities.	162,797
II. Removal of Dead, Diseased and Dangerous Trees	Removal of trees to prevent danger and reduce spread of disease.		
A. Public Ways			
1. Removal Above Ground		Bureau estimates indicate that 25,000 trees in public ways will require removal during 1973 in order to alleviate immediate hazard or prevent the spread of Dutch elm disease.	1,727,205

Department of Streets and Sanitation—*Continued*

BUREAU OF FORESTRY, PARKWAYS AND BEAUTIFICATION—Continued

1973 Program Plans and Costs—Continued

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	PROPOSED APPROPRIATIONS
2. Stump Removal		Because the Bureau has been able to eliminate the backlog of stumps requiring removal, the number of stumps to be removed will be equal to the number of trees removed.	$ 302,809
B. Other Areas		The Bureau may be called upon to remove dead, diseased or dangerous trees from City owned facilities or other areas. Because this activity is responsive in nature it is difficult to estimate the amount of Bureau resources that will be required. No net cost is shown as the cost of these items is generally reimbursed to the Forestry Fund.	....
III. Maintenance of Trees and Landscapes			
A. Public Ways			
1. Tree Trimming	Selective removal of portions of a live tree for the benefit of the remainder of the tree or for the purpose of alleviating a dangerous or undesirable condition.	The Bureau plans to trim 128,000 trees in 1973. This represents approximately 22% of the trees existing on public ways and is done in conjunction with long-range plans of the Bureau to trim each tree once in a 4.5 year period. Trimming required as a result of hazardous situations is included in the emergency response category and will not be deferred.	2,510,998
2. Spraying	The application of chemicals to plant material for the purpose of preventing the spread of disease or insect infestation.	The major effort will be the spraying of trees to prevent the spread of the Dutch elm disease infestation.	90,283
3. Other Maintenance	The performance at a predetermined level of service of any of a number of duties designed to keep all vegetation in the public way growing in a desirable manner in order to sustain the appearance of the public way in occordance with Bureau standards.	The Bureau is responsible for maintenance of 455 acres of boulevards and associated parkways. The activity involves seeding, mowing and watering lawns, removing and controlling weeds, etc.	904,434
B. City-owned Facilities and Other Areas	Landscape maintenance and tree trimming to keep vegetation in City-owned facilities and special community projects growing in a desirable manner.	The Bureau is responsible for maintenance of landscape at City-owned facilities. In addition, the Bureau has the responsibility for maintaining special projects developed in conjunction with the Department of Public Works, Department of Urban Renewal, Model Cities, and other agencies.	65,191

PROGRAM ELEMENT	OBJECTIVE OR ACTIVITY DESCRIPTION	BASIC IMPACT, OUTPUT, OR ACTIVITY LEVEL	PROPOSED APPROPRIATIONS
IV. Emergency Response	The completion of work in response to the immediate creation of a hazardous situation and the pickup of debris resulting from an emergency operation.	Because of the uncertain nature of storms and other emergencies, it is difficult to forecast the amount of this activity required. However, past experience has indicated that this function requires an average of 65,000 man-hours of work per year, and the recommended appropriation is based on this average.	$ 528,631
V. General and Support	Administrative, supervisory and other services necessary to support the operation of the Bureau as a whole, not identifiable with any specific program element.		
A. Training	Providing training for Bureau personnel to assure high levels of performance and adherence to Bureau standards and safety requirements.	The Bureau plans to provide 10,000 man-hours of training for its personnel in 1973. The Bureau maintains a training facility at Edgebrook Community Center. When not used for training purposes, the Edgebrook facility is used by community organizations. During 1972, 400 events and meetings were scheduled by such groups.	88,985
B. Disposal of Debris and Removal of Wood Fiber	Providing for disposal of logs, branches and brush resulting from removal and trimming operations.
